

Helping Ages 8 to 12 Discover the Power of Knowledge

BRITANNICA STUDENT ENCYCLOPEDIA

Entertaining and informative, the *Britannica Student Encyclopedia* helps children gain a better understanding of their world. More than 2,250 captivating articles cover everything from the food pyramid to recent events in Libya to space exploration. Children will enjoy 2,700 vivid photos, charts, and tables that help explain concepts and subjects, plus 1,200 maps and flags from across the globe.

“..An attractive and engaging set, with just the right amount of information...should be on the shelf of every library.”

—*Booklist*, September 2010

Topics to Satisfy Every Curious Learner

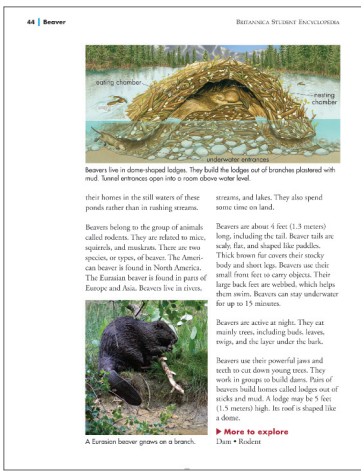

A variety of articles—covering geography, history, nature, sports, religions, the arts, science, and much more—will appeal to all students.

Knowledge That Is Easily Accessible

Students have several ways of looking up information, including A to Z articles, color-coded content, and a detailed index.

Fun Features for Young Learners

Timelines, “More to explore,” and “Did You Know?” features keep them learning, questioning, and wondering.
